

Ethnocultural image constants and their discourse literary correlates

Andramonova N., Usmanova L.

Kazan Federal University, 420008, Kremlevskaya 18, Kazan, Russia

Abstract

© Journal of Language and Literature. The present article considers the problems of word valency and its associative abilities in the space of literary discourse, reveals author's priorities in figurative apprehension of natural lexis and characterises lexical and semantic combinability of lexical items with the meaning of "atmosphere precipitation".
